

PRESS RELEASE -

Local Employee Celebrates 12 Years with Delta Liquid Energy

Richard Steck, Safety Training and Technology Manager, "Loves what he does"

PASO ROBLES, CALIF., (April 14, 2008) – Richard Steck, Safety Training and Technology Manager of all nine Delta Liquid Energy (DLE) location service facilities and two rail terminals, recently celebrated his 12 year anniversary with the company. Steck began his career with DLE as a service technician at the Paso Robles location in 1996. Nine months later he was promoted to manager of the Arroyo Grande location, then manager of the Paso Robles location, and finally in 2006, he was promoted to his current position. When asked what he thought contributed to his longevity at DLE, Steck said, "I love what I do and who I work with. I always try to look for things to enjoy every day and that's what has made for a satisfying career."

"Richard has proven to be a tremendous asset to the company in many ways," said Robert Jacobs, Vice President of Retail Operations. "I have great admiration for Richard's desire to provide excellent technical and safety instruction to his staff."

Steck's responsibilities encompass all aspects of safety and technology which include; maintaining training and certification of all technicians, maintenance of the company's fleet, permitting, licensing, insuring, and following government compliance. Outside of work Steck is looking forward to the summertime; taking his new boat out on the lake with his wife Michelle and getting some sun.

Delta Liquid Energy is a third-generation, family-owned and operated propane marketer headquartered in Paso Robles, California. The company has been in business since 1936 and operates nine service facilities and two rail terminals throughout California.

The Delta Liquid Energy corporate headquarters is located at 1960 Ramada Drive and can be reached at 805-239-0616.
