FOR IMMEDIATE RELEASE -

California Propane Marketer and Service Provider Opens New Branch in Tehachapi

Delta Liquid Energy Expands Service for Area Homes and Businesses throughout the Greater Tehachapi Area

TEHACHAPI, CALIF (January 5, 2018) – [Delta Liquid Energy](http://www.deltaliquidenergy.com) (DLE), a fourth-generation, family-owned propane marketing company with ten locations throughout California and one in Nevada, announces the opening of its a new branch in Tehachapi. Located at 1582 Goodrick Drive, the new branch will service Tehachapi residents and businesses as well as surrounding cities including Golden Hills, Bear Valley Springs, Stallion Springs, Cummings Valley, Sand Canyon, Mountain Meadows, and Alpine.

The new branch will be led by longtime Tehachapi resident and propane industry veteran, Mike Custer, who has been a staple in the propane industry for the last 18 years. He went through the ranks of delivery driver, serviceman, and assistant manager, then was hired on by Delta Liquid Energy five years ago to manage their Bakersfield location. When Custer started his position with Delta Liquid Energy, he was looking for a challenge and to provide personal customer service. “This is a family owned company that places a high value on safety, as do I. Safety is Delta’s main concern – we check the home where your family lives to make sure it’s safe.”

District Sales Manager, Carol Duetsch, joins Custer in this new venture. She’s been a Tehachapi resident for just under three years and shares Custer’s sentiments about what makes Delta Liquid Energy the right propane company for the area, “When I moved here to Tehachapi I became a DLE customer. The staff were always so friendly and professional. DLE is a team of professionals who truly care about their customer’s needs and safety.”

While this retail propane company has been servicing the Tehachapi area for some time, they now have a place to call home right in the heart of the community. The Tehachapi branch of Delta Liquid Energy is the eleventh retail location for the company. The doors opened on January 2, 2018.

Delta Liquid Energy is a fourth-generation, family-owned and operated propane marketer headquartered in Paso Robles, California. The company has been in business since 1936 and operates wholesale and retail service facilities throughout California and Southern Nevada.
